

Brian Welch

A teacher at Chiles High School, Welch will fight back against developers and insiders who have too much influence over our elected officials.

Brian Welch will:

- ... Stand up for hardworking people in Leon County.
- ... Hold our leaders accountable — no more “insider deals”!
- ... Restore small businesses.
- ... Most of all, Brian will make sure we have a real say about the issues that impact our neighborhoods, schools and families.

Bryan Desloge

Over the last 14 years, Desloge helped his developer donors, ignored Northeast Leon families and has even been caught up in corruption allegations and an FBI investigation.

Bryan Desloge has:

- Accepted thousands in donations from businesses at **the center of an FBI corruption investigation.**¹
- Supported Trump when he signed an order that put **the Leon County water supply at risk.**²
- Close **ties to a developer indicted on corruption charges**, saying he’s a “creative guy” and “rules can get blurred.”³
